

BEAUTY IN FOCUS virtual content series

You are welcome to share our invite to this free event with your patients and social media followers. Here are some copy-and-paste words you can use for the upcoming May 28 event:

Summertime is here, and it's time to talk about skin care protection and the sun—especially since we've all been spending so much more time indoors for the past couple of months. 🌡️☀️😞

Join @RealSelf as they host the first session in their new virtual series #BeautyInFocus 🧑🏻💡. “Here Comes the Sun” will feature dermatologists, RealSelf editors, and TV and podcast host @IAmCattSadler, giving you expert info on how to prevent and correct sun damage. Those who stay until the end will have a chance to receive a sample of Skinceuticals H.A. Intensifier.

The 30-minute session takes place 11 AM Pacific/ 2PM Eastern on Thursday, May 28. Register at realself.com.

And just so you have it handy, here is the link directly to the registration site:
